

Learning Intention: To identify and read the phase 5 sounds in words and sentences

Phase 5 focus sounds this week – ‘ph’, ‘wh’. There will be 2 activities for each sound and then the last activity is a phoneme spotter story to recap both sounds.

Read the words below. Are they real or not real? If they are not real we call them an ‘alien’ word. Add the sound buttons to your words to help you sound them out. Draw an alien next to the fake words that you spot.

Example – **ciph** – not a real word – alien.

dolphin	phamp
phonit	alphabet
graph	phol
donph	phonics

Using the word bank to help, can you put the correct ‘ph’ words into the sentences. Try writing the full sentence in your exercise book. Try writing your own sentences using the words in the word bank.

1. I see a grey \_\_\_\_\_ swimming in the sea.
2. I can sing the \_\_\_\_\_ song which has all the letters in.
3. My Mum took a \_\_\_\_\_ of all of us on her \_\_\_\_\_ .
4. The \_\_\_\_\_ was big, grey and lives in the jungle.

white

wheat

wheels

whale

whiskers

Learning Intention: To identify and read the phase 5 sounds in words and sentences

Please read the phoneme spotter story below. Ask an adult for help if you are unsure of some of the words.

Write down any 'ph' or 'wh' words you can see in the story.

**Challenge** – Can you write your own phoneme spotter story using the 'ph' and 'wh' words?

Can you spot the alternative 'ph' and 'wh' sound words? The ff (ending) and w (start letter) words?

I went to see an elephant at the zoo but he was in a huff. I saw some yellow wheat on a walk and used the phone to tell my Dad. I sniffed the sea and saw a grey dolphin swimming in the water. I then looked out the window and whispered to my sister that I could see a scruffy wizard. I took a photo and went back to play with my phonics game. I whisked the cake I was making and watched it cook in the oven.
