

Science

Can you make a life cycle to compare different species?

Draw or make a life cycle of a frog.

[Life cycle model - frog](#)

Once you have made your lifecycle of a frog, compare it to the lifecycle of a butterfly that you explored last week using the comparison chart below. What is similar? What is different?

Geography

What effect does weather have on tourism?

[mountains and tourism](#)

Choose summer or winter and design a leaflet or poster to attract tourists to visit the alps at a specific time of year!

Why should they visit at that time of the year?
What is there to do?
What is there to see?

Music

Can you research a famous composer?

Research **Hans Zimmer** and listen to some of his music pieces. Do you recognise any? Do you like/dislike any? Can you find any more of his music pieces? How does his music make you feel?

[Hans Zimmer - Time](#)
[Hans Zimmer - Dream is collapsing](#)
[Hans Zimmer - Drink up me hearties](#)

Make a fact file all about him and why he is famous!

Jigsaw

What changes do you worry about and how can you handle them?

In your books, draw a small picture of yourself in the middle. Around the outside, mind map all of the things that worry you. **(See example below)** Rate each worry out of 10, 10 being extremely worried! After, order your worries so you can see what you worry about the most. Create a poster for others on how to handle their worries and what they can do when they feel stressed.

R.E.

Why is Rome an important place of worship?

- [Virtual tour of The Vatican](#)
- [Sistine Chapel](#)

Use the links to take a virtual tour of the Sistine chapel and the Vatican. Note down any questions that you have as you take the tour then research to answer your questions. Record these in your books or on Microsoft word.

Mindfulness

Take part in a breathing meditation using a YouTube tutorial.

[Breathing meditation](#)

Lifecycle comparison

	Frogs	Butterflies
Lays eggs		
Female carries the young		
Has an adolescent phase		
Spends part of their life in water		

Challenge: Write an explanation comparing the lifecycle of frogs and butterflies. How are they different? How are they similar? **(10 class champion points)**
