Thinking Deeper Challenge  
How easy is forgiveness?

### In the future

I know about and name the largest deserts in the world and locate desert regions in an atlas.

### I will learn

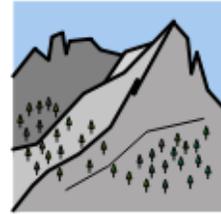

I know about, name and locate many of the world's most famous mountainous regions.

### I should already know

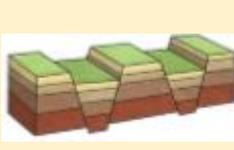

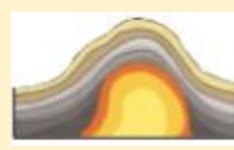

I know how to find at least six cities in the UK on a map.  
I know about, name and locate some of the main islands that surround the UK.  
I research to discover features of villages, towns and cities and appreciate the differences.

## Geography

**Mountains** are areas of land that are much higher than the land surrounding them. They are higher and usually steeper than a hill and are generally over 600 metres high. They are often found together in a group called a mountain range.

How are mountains formed?

Fold	Fault-block	Volcanic	Dome	Plateau
Tectonic plates collide and rock is pushed up.	Cracks in the earth's surface open up, some chunks of rock are pushed up, some down.	Formed around volcanoes and made of layers of ash and cooled lava.	Formed when magma is forced upwards but doesn't ever flow out of the crust.	Materials taken away through erosion leave deep valleys or gorges next to high cliffs.
				

## Religious Education

**Forgiveness** is the action of putting aside your anger, disappointment, or feeling of hurt towards a person, event or circumstance.

Forgiveness is a very important concept in Christianity. In the **bible**, Jesus speaks of the importance of Christians forgiving others.

Christians also believe in the importance of **generosity**; this is the quality of being kind and generous. Many Christians practice generosity by giving to charity and helping those in need.
