Dear Parents/Carers,

I wanted to write because we are forecast to have some very hot weather this week. To support our students during this period we want to relax the school uniform rules.

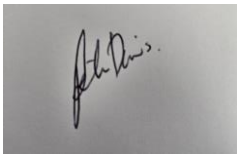
As a consequence, students will not have to bring their tie, blazer or jumpers for the remainder of this week. Students are expected to arrive in the academy with a white shirt, school trousers or PE shorts and plain black footwear.

Can I also ask that students are prepared for the weather when arriving at school by having a refillable water bottle and have applied suncream as appropriate.

We will continue to monitor the weather and send further communication about uniform expectations for next week at the end of this week.

Thanks again for your continued support,

Many Thanks,



Peter Davies.
