

# Home Learning

Encourage your child to help you when you are out shopping by counting and collecting objects to put into the basket, for example - Can you get two apples?

Support your child to help make simple recipes by counting the amounts out, for example, 'Can you put two spoons of chocolate powder into the bowl?'

When playing with building bricks or small toys, encourage your child to count how many bricks of each colour or size they have.

Read number-themed books and help your child to count the objects within the books, for example, *Goldilocks and the Three Bears*, bowls and beds.

Sing number-themed counting rhymes and use your fingers to help count items, for example, *5 Speckled Frogs*, *10 Green Bottles*, and *5 Little Ducks* etc.
