

Monday 21st October 2024

Dear Parents/Carers

Primary Curriculum

As per our Oasis Community Learning, Curriculum Statement of Intent we want to broaden our children’s knowledge and understanding of the world they live in by offering experiences to bring our curriculum to life.

Our curriculum ensures that children can learn about their local community, heritage both past and present, and beyond. We believe that they must be given opportunities to connect with and explore through first hand experiences which will have a significant impact on their learning.

We would like to share with you the planned opportunities children in Year 6 will be part of. These experiences are subject to parent contributions in order for the visits to be able to go ahead, if we do not receive payment, trips and visits are subject to being cancelled. If you require any support to pay for visits, please speak with the office.

Primary Experiences Year 6		
Term:	Experience:	Approx cost:
Autumn 2	Minibeast study (in academy)	£0
Spring 1	National Emergency Services Museum	£10
Spring 2	Kelham Island Walk – Industrial Revolution	£4
Summer 1	Bike Ability workshop	£0
Summer 2	Year 6 Residential	TBC

Payment and consent for visits will be mainly managed by MCAS. Please note that all visits will have a consent/payment deadline and if this is missed unfortunately your child will not be able to attend, our risk assessments must be submitted in ample time before the visit departs.

If you require any support getting MCAS set up, please speak with the office.

Yours sincerely

Mrs Michels
