Class Ross/Murphy

Spring Term 2 2026

Curriculum overview

This term in English, we will focus our writing on the text 'The Storm Whale'.

In Maths, we will extend our place value skills to numbers to 50. We will also learn about length by comparing, describing and solving practical problems.

In Science we will be learning about materials and how they are used to make objects.

Rocket Readers

Your child needs to be reading 5 times a week. This is vital for their progress in all areas of the curriculum! We are aiming for Y1 to have 100% rocket readers!

Please read with your child, ask them questions, discuss their book and record in their reading journal to bring back to school everyday.

Personal Development

In Personal Development, we will be learning about 'Caring for the world around us'. We will learn how people and other living things have different needs and about the responsibilities of caring for them. We will explore the needs of pets, babies, plants, animals and the environment.

Good News

Children have been amazing Scientists and Historians. We know the names of all the planets in the Solar System. We also used drama to act out the Kings coronation.

Home learning

Help at home by....

- Reading 5 times a week and recording in their reading journal.
- Ensuring that your child completes their homework each week as this will support their learning.
- Practicing phonics with your children.
  The statutory phonics screening test is fast approaching.

Maths and English

Maths- Place value to 50
Maths – Measure
English- Narrative – The Storm Whale
