Class Rosen/Rowling

Spring Term 2 2026

Curriculum overview

Our theme this term is 'Our Sustainable World'. We w… looking at this theme through geography, science, history and other thematic lessons. In our geography lessons we will also be considering our Global Goals and implementing a change maker action plan and reflecting on our impact of the world.

In Science we will be exploring the topic of forces. Discovering and discussing air resistance, water resistance, gravity, as well as levers, pulleys and gears.

In RW we will be looking at what is good and what is evil. We will look at what it means to be good and how we can explore what this looks like for us.

Rocket Readers

Your child needs to be reading 5 times a week. This is vital for their progress in all areas of the curriculum! We are aiming for Y5 to have 100% rocket readers!

Please read with your child, ask them questions, discuss their book and record in their reading journal to bring back to school everyday.

Personal Development

As part of our theme 'Our Sustainable world' in PSHE we will be learning about Careers. Thinking carefully about fair trade, enterprise, rules and laws. Children will link their learning to the British Values and the impact on the wider world.

Home learning

Help at home by….

- Reading 5 times a week and recording in their reading journal.
- Help your child to learn their spellings and play on spelling shed.
- Make sure your child is regularly using sumdog and times table rockstars.

Good News

Amazing well done to the children who participated in Young Voces! You were fantastic!

Maths and English

This term, we will be reading ''Skellig' by David Almond. Children will produce a narrative piece of writing and . They will focus on using literacy devices to create atmosphere and describe characters/settings. They will also be carefully considering their SPAG when writing. In Maths we will explore fractions, decimals and percentages. Children will learn how to solve word problems and improve their number fluency.
