OCL Assessments for Y7-10

Dear Parent/Carer,

As we progress through the academic year, I wanted to share important information with you regarding upcoming school assessments.

As part of Oasis Community Learning **students in Y7-10** across all 22 Secondary Academies will be **completing curriculum assessments** when we return in the New Year. The assessments are scheduled to take place in lessons within a window from **9th to the 26th of January**.

These assessments are a critical component of our students' educational journey and are designed to evaluate their understanding of the curriculum, measure academic progress, and provide valuable insights into their strengths and areas for improvement.

Here are some key points to consider:

Purpose of Assessments:

The assessments aim to gauge your child's grasp of the subjects taught and their ability to apply knowledge to various contexts. They provide a snapshot of academic progress and assist our teachers in tailoring their lessons to meet the diverse needs of our students.

Feedback and Support:

Following the assessments, the Academy will provide parents with the percentage scores of these assessments and the quintile achieved once the reporting window opens on 19th February. Students will also review the assessment feedback in class to highlight areas of strength and targeted strategies for improvement. We encourage you to discuss this feedback with your child to foster a collaborative approach to their academic development.

Importance of Preparation:

Preparation is key to success in any assessment. Encourage your child to establish a consistent study routine, seek clarification on any challenging concepts, and utilise available resources, such as their books, textbooks and online materials accessible through their iPads.

As partners in your child's education, your involvement is invaluable. Your encouragement, support, and interest in their academic progress contribute significantly to their success.

Best regards,

A. Gormal
Deputy Principal
